GREENNOTE: Our colour run is FSC certified!

We now print on 12pt Supreme Gloss Cover FSC.

The colour run allows us to produce several jobs on one press sheet and keep our material and energy output at a minimum, which is easier on the environment. With the added benefit of 10% recycled fiber paper stock and chlorine-free pulp from FSC-managed forests, the colour run is more eco-friendly than ever.

Oh, and did we mention more cost effective?

Show your environmental awareness with pride! You now have the option to include the FSC logo on your colour run jobs (please inquire about pricing and deadlines).
